JAMA Article Recognizes Importance of Health Science Librarians

Have you ever considered collaborating with a medical librarian when writing review articles for a health sciences journal? In the September 2014 JAMA article "Engaging Medical Librarians to Improve the Quality of Review Articles," Rethlefsen, Murad, and Livingston suggest that researchers can improve the quality of review articles by including librarians in research and writing teams.

Be Heart Smart: Recognizing GRU’s Contributions to Heart Disease Literature

In honor of the CSRA Heart Walk for the American Heart Association, the Libraries would like to recognize the incredible work that GRU medical researchers have completed and published in the study of cardiac and cardiovascular systems. GRU faculty have authored articles that have been published in the top five cardiac and cardiovascular systems journals with the highest impact factors listed in Thomson Reuters’s Journal Citation Reports.
