SOUTHERN

MEDICAL AND SURGICAL JOURNAL.

EDITED BY

PAUL F. EVE, M. D.,
AND
I. P. GARVIN, M. D.

Medical College of Georgia.

"Je prends le bien où je le trouve."

VOL. III.—1847.—NEW SERIES.

Augusta, Ga.
JAMES McCAFFERTY,
PRINTER AND PUBLISHER.

1847.
INDEX TO VOL. III.

OF CONTRIBUTORS.

Barr, W. F., M. D. On irritation of the spinal marrow, and ganglia of the sympathetic nerve,................. 82
Barr, W. F., M. D. On propriety of large doses of calomel in Dysentery and Cholera Morbus,................. 10
Barton, E. H., M. D. Surgeon U. S. Army—Mortality at Vera Cruz,................. 571
Beal, L. B., M. D. Case of gun-shot wound,.................. 202
Blackburn, J. C. C., M. D. The Strawberry leaf, a valuable auxiliary in the treatment of chronic dysentery,............... 657
Branch, Franklin, M. D. Case of Cauliflower excrescence of the os tineae, cured,.................. 275
Campbell, H. F., M. D. Practical observations on Cutaneous diseases,................. 449
Campbell, H. F., M. D. Treatment of Hooping-cough with the iodide of Potassium,................. 602
Colley, Francis S., M. D. An Essay on Turning,.................. 193
Cunningham, Sam'l B., M. D. Locality, climate and diseases of East Tennessee,................. 355
Davis, John, M. D. Cases cured by blistering the spine,.................. 270
Davis, John, M. D. Treatment of Pneumonia,.................. 338
Dugas, L. A., M. D. Address to the Class of the Med. College of Ga.,................. 64
Dugas, L. A., M. D. A case of Glanders in the human subject,................. 653
Dugas, L. A., M. D. On the use of Quinine in Intermittent and Re- mittent fevers,.................. 1
Eve, Jos. A., M. D. Cases of Con- vulsions and other nervous affec- tions during pregnancy, parturi- tion and the periperal state,................. 513
Eve, Jos. A., M. D. Pregnancy and Parturition with cancer of the uterus,................. 198
Eve, Paul F., M. D. Amputation of the fore-arm,.................. 201
Eve, Paul F., M. D. Case of mechanical obstruction in the bowels,................. 13
Eve, Paul F., M. D. Letter from Paris,.................. 636
Eve, Paul F., M. D. Remarks on Dr. Hitchcock's Report,................. 407
Eve, Paul F., M. D. Review of Jones' Ophthalmic Medicine and Surgery,............... 335
Eve, Paul F. M. D. Review of the London Lancet,.................. 658
Ford, Lewis D., M. D. On Inter- mittent Fever,.................. 129
Ford, Lewis D., M. D. Review of Dr. Wood's Practice,.................. 730
Gaither, Henry, M. D. Colic relieved by balsam copaiva,................. 462
Garvin, I. P., M. D. Purpura Hemorrhagica,................. 526
Garvin, I. P., M. D. Remarks on Medical Reform,................. 532
Gordon, James M., M. D. Contrib- utions to Practical Midwifery, with cases occurring in obstetri- cal practice,................. 703
Harden, John M. B., M. D. Notes on the medicine of Moses,.................. 257
Harden, John M. B., M. D. Of Mercury and its compounds,................. 575
Harden, John M. B., M. D. Transla- tion of Dumas' researches on the blood,................. 16
Hitchcock, C. M., M. D., U. S. A. Report on the sick and wounded of the 2d Division of the U. States Army in Mexico,................. 406
Kollock, P. M., M. D. Case of Traumatic Tetanus, cured by Strychnine,................. 597
Kollock, P. M., M. D. Resection of a portion of the upper maxillary bone,................. 457
LeConte, John, M. D. On Sulphuric Ether,.................. 253
Leconte, John, M. D. Review of Dowler on the Natural History of the Alligator,................. 89
Little, Robert Edmonds, M. D. Ob- servations on various diseases,................. 141
Letters from our Paris Corres- pondent,.................. 695
Martin and Smith, Drs. Case of Adherent Placenta, with Hour- glass contraction,.................. 728
Mayes, J. A., M. D. Application of creosote to the treatment of Diarrhoea and Dysentery,................. 147
Mayes, J. A., M. D. Injury of the medulla spinalis—death: autopsy,................. 725
Means, A., M. D. Alcohol,.................. 65

Ether, inhalation of in obstetric practice ................. 519
Ether preparations, physiological action of .......... 609
Ether, substitute for to produce insensibility .......... 510
Ether vapor of in asthma and hooping cough .......... 370
Ether, fatal effects of inhalation of ....................... 374
Ether, sulphuric inhalation of, produces insensibility .. 226
Ether, sulphuric inhalation of in surgical operations .. 252
Ether, mode of administering ................................ 665
Ether in surgical operations .................................. 666-637
Etherization, effects of on respiration .................... 626
Extra-uterine conception ..................................... 637
Eye, treatise on diseases of .................................. 350
Fat, formation of in the animal body ..................... 249
Febris Typhoides, random thoughts on ................... 669-465
Fever a disease of the spleen ................................ 499
INDEX.

Fever, statistics of cases of miasmatic 241
Fever, Intermittent and Remittent, treatment with quinine 1
Fever, typhoid, Ethiop's mineral in 755
Fracture, compound case of bad 174

Ganglions, treatment of 316
Gastrotomy, remarks on 108
Generation, the function of 606
Genitals in children, epidemic disease of 137
Georgia Medical So., report of the 648
Gestation, disputed period of 502
Glanders in the human subject, a case of 653

Globular body found in the stomach of an ox 318
Gonorrhea, treatment and prescriptions for 61, 316, 511
Graduates of the Medical College of Georgia 318
Gun Cotton, mode of preparing 256

Hæmostatic, Ergotine as a 121
Hæmostatic property of Secale Cornutum 509
Hail storm of May, 1847 324
Hare, Prof. resignation of 573
Headache, varieties of 683
Heart, use of digitalis in diseases of 438
Heart, movement of, &c. 562

Hæmorrhage from leech bites arrested 62
Hæmorrhage from the nose 445
Hæmorrhoids, Tinct. of Iodine to 133
Hiccough protracted, relieved 638
Homcepathy 119, 190
Honoars conferred on medical men 606
Hooping cough, alkalies in 59
Hooping cough, treatment of 602, 497

Hydriodate of arsenic and mercury 371
Hydriodate of Potassa, on the use of 306
Hydrocele, comparison of its iodine and vinous injection in 184
Hydroceplalus successfully treated 309, 565
Hydropathy, or the cold water cure 45
Hydrophobia, the Marchand remedy for 188

Hysteria, inhalation of ether in 661
Hysteria, pathology and treatment of 250
Hysterical, nervous and sleepless cases 446

Insanity, fatal effects of 374
Insane in France, number of 126
Insanity, hereditary transmission of 636
Insanity, treatment of acute forms of 688

Insensibility, new method of producing 666
Intermittent fever, strychnine in 505
Intermittent fever, Tinct. of Iodine in obstinate cases 121, 659
Intermittent fever, forms, treatment, &c. 129

Intermittent fever, on the types of 57

Intermittent fever treated with sulphuric ether 689
Iodine, internal administration of 681
Iodide of Iron, on the syrup of 632
Iodide of Mercurial Chloride, preparation of 568
Iodine, proper diet in conjunction with 369
Irritation of the Spinal Marrow and Ganglia of the sympathetic nerve 82

Joints, diseases of and treatment 624
Journal, British and Foreign Review 766
Journal, South Med. and Surg. 190, 758

Labour, ether in 763
Lactation, case of protracted 441
Lactation, protracted 317
La Lanceat Canadienne 383
Lamar, Dr. appointed assistant surgeon U. S. A. 191
Larynx, diseases of 696
Leeches 699
Leeches, method of making them bite 136
Lisfranc, death of 448
L ston's illness 758
London Lancet, review of 658
Lung, gangrene of 700

Malaria and malarial diseases 159
Malignancy 396, 717
Malignant disease, case of 332
Mania, for violent, with deficient urinary secretion 446
Matera Medica and Therapeutics, notice of a work on 247
Medical association, standing committees of 570
Medical reform in Canada 572
Medical College of Georgia 695
Medical Botany 623
Medical Ethics 537
Medical Intelligence 512
Medical Miscellany 447, 512
Medical Reform, new plan of 301
Medical topography of Texas 293
Medical Institutions in U. S. 319
Medical Sciences, abstract of 181
Medical school, another (the 5th) in Philadelphia 191
Medicated milk 182

Medicine, clinical 753
Medicines, adulteration of 671, 701
Medicine of Moses 257
Medulla Spinalis, injury to, death 725
Membrana decidua, nature of 661
Mercury and its compounds 575
Mercury, nitrate of 694
Mercury, effects of on young subjects 218
Mercurial preparations, use and abuse of 437

Meteorological observations, by P. P. Eve, at the end of each No. 437
Midwifery, contributions with cases 703
Midwifery, use of Ether vapor in the practice of 251
